2027 STUDENT FEES

Compulsory Bond

To assist with the financial viability of the school and contribute to building projects, a refundable bond applies to all families. Families are offered two choices: Option A or Option B - the choice of a larger bond, which entitles students to a Tuition Fee discount, or a smaller family bond that does not attract a discount.

Rosewood College has opted to implement this refundable bond arrangement in order to avoid the need for an annual development levy charge per family.

OPTION A
Smaller bond

$2,000

Per family

No Tuition discount

Payment of this bond occurs when your first child is enrolled. No further bond payments are required for any additional siblings who join Rosewood College.

This bond option does not entitle the family to any discount on Tuition Fees.

This bond is refunded when the last family member leaves Rosewood College.

OPTION B
Larger bond

$10,000

5% Tuition discount applies to first child

$20,000

5% Tuition discount applies to all siblings in family

Payment of this bond occurs in the first year your child is enrolled. This will entitle the student to a 5% discount on Tuition Fees for every year at the school up to Year 12.

When a family has two or more children enrolled at Rosewood College it has the option of paying a second $10,000 bond ($20,000 in total), which entitles every child in that family to a 5% discount on Tuition Fees.

The initial bond payment of $10,000 is refunded when your first child leaves Rosewood College. The second bond is refunded when your last child leaves.

NB: $20,000 is the maximum bond amount regardless of the number of children.

***** As part of the standard registration process, the opening of Rosewood College is subject to approval by the Victorian Registration and Qualifications Authority.
