ICT Acceptable Use Agreement

1. Purpose

The purpose of this ICT Acceptable Use Agreement is to set out the expectations that apply when students use internet access, digital technology, online platforms, College systems, student accounts and devices connected with Rosewood College.

Rosewood College (the College) provides or authorises technology to support learning, communication, creativity, research, curriculum delivery and safe participation in College life.

The College expects technology to be used in a way that is safe, respectful, lawful, age-appropriate, supervised and consistent with the College's Catholic identity, moral tradition, child safety obligations and educational purpose.

This Agreement supports the Internet and Technology Use Policy and must be read together with that policy.

2. Scope

This Agreement applies to students and parents or guardians.

It applies to student use of:

- College internet access
- College-owned devices
- College-approved software, applications and online platforms
- student accounts created or authorised by the College
- email, messaging or communication systems approved by the College
- online learning environments
- assistive technology or approved learning support tools
- personal devices where the College has authorised their use
- digital communication connected with College learning or College activities

This Agreement applies during:

- onsite learning
- supervised technology use
- specialist learning activities
- NAPLAN or other approved assessments

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

- excursions, incursions or offsite activities where technology is authorised
- remote or online learning where approved by the College
- any digital conduct that affects student safety, wellbeing, learning or participation at the College

3. Meaning of ICT and devices

In this Agreement, ICT and devices include:

- internet-based services, software, applications and online platforms
- computers, laptops, tablets and other internet-enabled devices
- cameras and recording devices
- mobile phones and smartphones
- smart watches, fitness trackers and other wearable devices that can send, receive, record or store information
- gaming devices
- Bluetooth-enabled or SIM-enabled devices
- any other device or system that can access the internet, store information, communicate with another device, record images or audio, or connect to a wired or wireless network

4. Agreement principles

Technology use at the College is guided by the following principles:

- technology is used for approved educational and College-related purposes
- students use technology under staff direction and supervision
- students are taught age-appropriate digital safety and responsibility
- students treat others with dignity and respect online and offline
- student privacy, child safety and personal information are protected
- parents and guardians support safe and responsible technology use
- unsafe, harmful or inappropriate technology use is reported and addressed
- technology supports learning and formation, and does not replace direct teaching, personal responsibility or respectful human relationships

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

5. Student responsibilities

Students must use ICT and devices safely, respectfully and only as allowed by staff.

Students must:

- ask a staff member before using College technology or internet access
- use technology only for the task or activity approved by staff
- follow staff instructions about when, where and how technology may be used
- use kind, respectful and appropriate words online
- keep passwords and login details private
- use only their own account unless a staff member gives permission
- take care of College devices and equipment
- tell a staff member if a device, screen, message, website, image or video makes them feel worried, unsafe or uncomfortable
- tell a staff member if someone uses technology to hurt, frighten, embarrass, exclude or threaten another person
- log out, close devices or return equipment when directed by staff
- use technology in a way that supports learning and respects others

Students must not:

- use technology without staff permission
- use technology to bully, tease, shame, threaten, frighten or exclude another person
- search for, open, create, send or share inappropriate, violent, sexual, discriminatory, offensive or unsafe content
- photograph, video, livestream or record another person unless a staff member gives permission and appropriate consent is in place
- share private information about themselves or another person
- share their password or use another person's password
- access another person's account, files, messages or work without permission
- pretend to be another person online
- contact unknown people through College technology
- contact staff through unauthorised digital channels
- use social media, gaming, chat platforms or personal messaging during College activities unless expressly authorised by staff

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

- install, download or use unauthorised software, games, applications, extensions or files
- change settings, bypass filters or interfere with College systems
- damage, hide, remove, misuse or tamper with College devices or equipment
- use artificial intelligence tools unless a staff member has authorised their use for the learning task
- use technology to cheat, copy work or pretend that someone else's work is their own

6. Personal devices

Students are not permitted to use personal devices during College hours or College activities unless authorised by the Principal or supervising staff.

Personal devices include:

- mobile phones
- smart watches
- tablets
- laptops
- cameras
- gaming devices
- Bluetooth-enabled devices
- SIM-enabled devices
- devices capable of internet access, messaging, recording, image capture or data storage

Where a personal device is authorised, the student must use it only in accordance with staff directions.

Students must not:

- connect a personal device to the College network unless authorised
- use a personal hotspot at the College
- access or request the College Wi-Fi password
- use a staff member's personal device
- use another student's device without permission and staff approval
- use a personal device to record, photograph, message, call, livestream or access online content during College activities unless authorised

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

The College may require a student to hand a personal device to staff for safe storage where required for student safety, privacy, learning, supervision or compliance with College expectations.

7. College accounts, email and approved platforms

Where the College provides a student account, email account or approved platform access, the account remains a College-controlled account.

Student accounts may be used for:

- accessing approved learning platforms
- completing learning activities
- saving and submitting College work
- receiving teacher feedback
- communicating with staff for approved learning purposes
- approved collaboration on schoolwork
- accessing assistive technology or learning support tools
- participating in supervised online learning activities

Student accounts must not be used for:

- personal messaging unrelated to College learning
- social media or gaming accounts
- registering for personal applications, games or services
- communicating with unknown people
- sending inappropriate messages or content
- sharing files, images, audio or video unrelated to approved College learning
- storing personal, offensive, unsafe or inappropriate material
- bypassing College systems, filters or monitoring arrangements

The College may access, review, suspend or close student accounts where necessary for safety, wellbeing, supervision, investigation, privacy, security, records management or operational reasons.

8. Cyber safety and online harm

Students have the right to learn in a safe environment, including when using technology.

Cyber safety concerns may include:

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

- cyberbullying
- online harassment
- unsafe adult contact
- grooming or predatory behaviour
- image-based abuse
- inappropriate messages or content
- impersonation
- spreading rumours online
- excluding someone from an online group in a harmful way
- sharing private information without permission
- repeated unwanted digital contact
- accessing harmful or age-inappropriate material
- unsafe gaming, chat or social media interactions

Students must report cyber safety concerns to a staff member as soon as possible.

Parents and guardians are encouraged to report cyber safety concerns to the College where the concern may affect student safety, wellbeing, learning or participation at the College.

Online child safety concerns must not be treated only as technology breaches where student safety, abuse, grooming, exploitation, serious harm or adult misconduct may be involved.

9. Social media, messaging and online groups

Students must not use social media, personal messaging, gaming chat or online group chat during College hours or College activities unless expressly authorised and supervised by staff for a College purpose.

Students must not use College systems or devices to:

- access social media
- create social media accounts
- communicate with unknown people
- join unauthorised online groups
- share images or recordings of students or staff
- post comments about students, staff, families or the College
- participate in online conduct that is unsafe, unkind, disrespectful or harmful

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

Staff communication with students occurs through approved College channels and in accordance with child safety and professional conduct requirements.

Parents and guardians are asked not to encourage students to contact staff through personal social media accounts or unauthorised communication platforms.

10. Photography, recording and image sharing

Students must not photograph, video, livestream, record or share images, audio or video of another person unless:

- staff have authorised the activity
- the activity has a legitimate College purpose
- appropriate permission or consent is in place
- the recording or image is used only for the approved purpose
- privacy, dignity and child safety requirements are respected

Students must never photograph, video, livestream or record in the Toilet Building, the First Aid Room, change areas, private spaces or any other sensitive location.

Unauthorised photography, recording or sharing may be treated as a serious breach, especially where it involves humiliation, bullying, harassment, violence, sexualised content, privacy breach or child safety concern.

11. Privacy and personal information

Students must protect their own personal information and the personal information of others.

Students must not share:

- full names
- addresses
- phone numbers
- dates of birth
- passwords
- account details
- images or recordings
- location information
- family information
- medical or wellbeing information

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

- private messages
- College records
- student work that is not intended for sharing

Staff guide students to understand safe information sharing according to their age, maturity and learning context.

12. Artificial intelligence and digital tools

Students may use artificial intelligence tools only when authorised by staff and only for the approved learning purpose.

Students must not use artificial intelligence or digital tools to:

- pretend that generated work is their own
- avoid doing required learning
- create or share harmful, false, misleading or inappropriate content
- create images, recordings or material that embarrasses, harms or humiliates another person
- upload personal, sensitive, confidential or College information without authorisation
- breach privacy, copyright or assessment expectations

Staff provide clear instructions when artificial intelligence or digital tools may or may not be used.

13. Parent and guardian responsibilities

Parents and guardians support safe and responsible ICT use by:

- reading this Agreement with their child in an age-appropriate way
- helping their child understand College technology expectations
- reinforcing respectful and safe online conduct at home
- supporting the College's restrictions on personal devices
- monitoring student use of personal devices and accounts outside school where relevant
- reporting cyberbullying, online harm, unsafe contact or inappropriate digital conduct that may affect student safety, wellbeing, learning or participation at the College
- ensuring student use of personal devices or personal accounts does not compromise College safety, learning, privacy or wellbeing
- working constructively with the College where concerns arise

- ensuring any device brought to the College for an approved reason is clearly identified and used only as authorised

Parents and guardians are encouraged to:

- keep technology use visible and supervised at home
- set device-free times and places
- delay access to personal internet-enabled devices where possible
- use age-appropriate content and parental controls
- talk with children about online safety, kindness, privacy and help-seeking
- avoid posting images of other students without appropriate permission
- contact the College promptly if online conduct creates a concern for student safety or wellbeing

14. Staff responsibilities

Staff support safe and appropriate student ICT use by:

- modelling responsible technology use
- using approved College systems for school-related communication and records
- giving clear instructions about permitted technology use
- supervising or monitoring student technology use according to the activity and risk
- selecting age-appropriate digital learning activities
- protecting student privacy and personal information
- responding promptly to unsafe or inappropriate use
- reporting cyber safety, online harm, child safety, privacy, security or technology misuse concerns
- maintaining professional boundaries in digital communication
- avoiding personal accounts or unauthorised channels for student communication

Staff must not ignore online conduct that creates a foreseeable risk to student safety or wellbeing.

15. Breaches of this Agreement

A breach of this Agreement may result in action proportionate to the seriousness of the conduct.

Possible responses include:

- reminder or redirection
- re-teaching expected behaviour
- temporary restriction of device, internet or platform access
- removal of access to a device or system for a period of time
- parent or guardian communication
- behaviour support
- incident recording
- anti-bullying or harassment response
- child safety escalation
- privacy or data breach response
- complaint handling
- referral to external authorities where required
- action under the Student Behaviour Management Policy or related procedures

The College's response considers the student's age, maturity, intent, impact, vulnerability, prior conduct and the seriousness of the risk.

16. Records

The College maintains records where ICT use gives rise to a safety, wellbeing, behaviour, child safety, privacy, incident, complaint, disciplinary or security concern.

Records may include:

- student or parent acknowledgement of this Agreement
- behaviour records
- incident records
- cyberbullying records
- child safety records
- complaint records
- parent or guardian communication records
- privacy or data breach records
- device or account restriction records
- staff briefing or training records

Records are managed in accordance with the Records Management Policy and Privacy Policy.

Rosewood College
456 Bridge Road,
Cobblebank Victoria, 3338

17. Review

This Agreement is reviewed at least every three years, or earlier if required due to:

- a serious cyberbullying, online harm, privacy, child safety or technology misuse incident
- repeated or systemic concerns about internet, device or online conduct
- changes to College technology systems, online platforms, filtering, monitoring or device arrangements
- changes to child safety, behaviour management, anti-bullying, privacy, records management or incident management requirements
- changes to legislation, Ministerial Orders, VRQA guidance or registration expectations
- feedback from students, parents, guardians or staff
- a governance or operational review identifying that the Agreement is unclear, incomplete or ineffective

The Principal is responsible for coordinating review.

Material amendments must be approved by the Governing Authority where required by the College's document control arrangements.
